

## HOW TO COMPLETE YOUR TEACHING PROGRAMME

To complete the Teaching Programme you can choose 12 ECTS “**OBLIGATORY EXAMS**” between the exams shown in the table:

Medical Curriculum	Veterinary Curriculum	Forensic Curriculum
Cardiovascular diseases - alternatively – Forensic Genetics	Molecular Diagnostics in Veterinary Infectious Diseases - alternatively – Veterinary Molecular Genetics	Computer Science Law and Forensics - alternatively – Forensic Toxicology
Endocrine system diseases - alternatively – Biotechnological Approach to Oncological Diseases	Biotechnology Applied to Animal Derived Products - alternatively – Animal Reproduction Biotechnology	Criminal Procedural Law and Forensic Techniques - alternatively – Forensic Investigation Techniques

It is mandatory to choose one exam for each box (6 ECTS).

*Example:*

*-1 exam between “Cardiovascular diseases” or “Forensic Genetics”.*

*-1 exam between “Endocrine system diseases” or “Biotechnological Approach to Oncological Diseases”.*

Furthermore, you have to choose 12 ECTS “**FREE CHOICE EXAMS**”.

To gain the 12 ECTS “Free choice exams” you can choose the “Obligatory exams” not chosen before to complete the Teaching Programme or any other exam offered by the University of Perugia, related to the Master.

### HOW TO COMUNICATE THE CHOICE:

- 1) OBLIGATORY EXAMS: send an email with your Obligatory Exams choice by **October 31<sup>st</sup>** to: [sonia.moretti@unipg.it](mailto:sonia.moretti@unipg.it)
- 2) FREE CHOICE EXAMS: download the module “Free choice exam” from the Master’s website, fill the module and send it to: [sonia.moretti@unipg.it](mailto:sonia.moretti@unipg.it) or deliver it directly to the Master’s secretariat (Building D, second floor). **Free choice exam must be communicated by March 31<sup>st</sup> 2019.**
