		chirurgia generale	II	8	
GERONTOLOGIA E GERIATRIA	GP005543	gerontologia e geriatria+tirocinio	II	5	EXAM

IMPORTANT

- The mobility must be annual for those students who will choose annual exams.
- Students cannot take exam only for a semester if the exam is annual. Students can take exams for those classes who are activated in the semester of their mobility.
- The number of credits for semester is 30 ECTS (60 for hole year). If you will only attend classes without taking the final exam, you will NOT be awarded with the credits. The indication in your Transcript of records will be ATTENDED (without ECTS).
- Students can choose any exam from the 1st to the 6th year of study, it is not important the year of study in the Home University but If you choose subjects from a single year of course you will have fewer problems with overlapping lessons. However, you will not be able to exceed 60/65 credits per year from our study plan and which are acquired only after taking the exam.
